

## Fatty's Poker Media Kit: One-Pager

Fantazzle [Fantasy Sports Games](#) is proud to announce a new and exciting fantasy poker game: Fatty's [Fantasy Poker Challenge Game](#) brought to you by Fantazzle Fantasy Sports Games.

The game itself unites two of America's favorite pastimes: Poker and Fantasy Games.

Fantazzle has taken the lineup and scoring basics of all fantasy sports games and applied them to the contestants in the 2010 World Series of Poker (WSOP) Main Event to create a free [fantasy poker](#) game. In addition to being a unique, one-of-a-kind poker fantasy game, the fantasy poker challenge game is also completely free for users to play.

The game lets fantasy gamers select a starting lineup from pre-determined groups broken down into categories such as past WSOP winners, domestic poker pros, online poker pros and international poker pros. But most importantly for the fantasy gamers will be the selection of players from Fatty's Poker, a New York poker club.

The Fatty's Poker players are all players who will play in the WSOP Main Event while earning their fantasy gamers double points for their respective finishes. Because the Fatty's players' finishes are worth double points, fantasy gamers will have the chance to watch the Fatty's players perform against each other in a new reality-based poker show that follows all the characters who play at Fatty's.

With this new poker fantasy venture, Fantazzle has begun to create [fantasy poker games](#) that will give poker fans and fantasy gamers the opportunity to watch and enjoy the World Series of Poker as if they were actually playing themselves!
